NO RACE FOR THE CUP, PERHAPS Has Dunraven been Persuaded that the Valkyrie is No Match for the Volun-

From the New York Sun, to-day,

After all the talk and correspondence about n international yacht race, it looks as if the royal yacht squadron were going to back out of its agreement, or rather as if Lord Dunraven has refused to allow the Valkyrie to sail for the America's cup against the Volunteer. It was reported last night that a member of the New York yacht club had received a letter from George L. Watson, in which Watson said that it had been decided not to send the Valkyrie to compete for the America's cup, but to fit her out at once for her racing in English waters is now over, so that she could sail on her ocean trip for New York on July 1, and arrive in time to meet the yachts on the New York yacht club's cruise. The Valkyrie will sail in the races for the Paine cup later on, as her owner agreed to do before the America's cup chalenge was sent.

Yachtsmen who heard of the alleged contents of Watson's letter believed that he had per-suaded Lord Dunraven that it would be folly to race his boat against the Volunteer, when the Valkyrie has shown herself so little superior to The America's cup committee have received

no official response to their last letters to the royal yacht squadron, and there is much disappointment among yachtsmen at the probable failure of the arrangements for a race.

Sanitary Criticism from Georgetown.

Georgetown, June 12. To the Editor of THE EVENING STAR:

Some days ago you stated that the health officer proposed to save our city from a scourge by promptly removing the refuse and filth left by the recent flood in our low streets and disinfecting said streets. We were glad to hear it. Yesterday's paper states: "Lieut. Hollenberger complains that this filth is being carefully removed by the health officer and deposited at the foot of another street scarcely, if any fur-ther removed from the dwelling part of the town than those from which it was taken." Just think of it, ye sanitarians! Stir up the filth well and cart it up town. That, too, when without any additional expense the police tug attention to the collection of packages of cloth- boat could have towed scow after scow to the ing, bedding, groceries, &c., for the benefit of the Chesapcake and Ohio canal sufferers. They have already received contributions from Mrs. istration. For instance, in some of the most prominent parts of our town the garbage is collected once in ten days, and for that we are duly thankful, for we have grown not to expect much. Why don't we complain? We do, and on our complaint are referred to the contractor, who refers it to the collector, who writes or dictates an absolute denial of the charge. Conments as sufficient, and so the complaint dies.

Another evidence of business. At premises
3073 M street northwest there has been no water supply for nearly a year. The closets are in constant use. The fact was repeatedly reported; examinations without number made
